QEMAM AI®

qemam Artificial Intelligence Assistant

QEMAM AI

An intelligent assistant operating within the internal infrastructure of government entities and institutions — securely and without the need for internet connectivity. It supports advanced capabilities such as OCR, smart summarization, and Arabic voice and text search. Built on an open-source framework (LLAMA, GEMMA) through the OLLAMA engine, QEMAM AI integrates seamlessly with systems to provide real-time insights that enhance decision-making and operational efficiency while ensuring full data privacy.

QEMAM AI

System Properties

AI features embedded within qemam systems:

- Voice Interaction within Systems
- Smart Natural Language Search
- Smart Summarization
- Advanced NLP Processing
- AI-Powered Virtual Assistant
- Secure Text Extraction
- Automated Data Filling
- Automated Document Drafting

Engine Properties

Capabilities that enhance reliability and efficiency:

- Trusted Smart Results
- Digital Governance Compliance
- Data Security
- Self-Learning Capabilities
- Smart Compliance Validation
- Access Control Management
- System Integration
- Decision Support

Khaled and Ranya

They interact with you in Arabic, understanding your inquiries naturally. They continuously learn and adapt to provide faster, more accurate, and more efficient responses — making your experience smoother and more intelligent with every use.

Transformation begins with confidence. Complete your digital journey with qemam.

Through out this journey, qTech has delivered

more than
**Digital
solution**

15+

across diverse fields, including administrative communication, process automation, city management, human resources, IT management, and more.

A partnership built on trust and continuous achievement to shape a more efficient digital future.

أمين

We take pride in being part of the digital transformation journey of the Emirate of Makkah Region,

Through the launch of the qemam Correspondence Management System, branded as

أمين

One of qTech's Flagship Products.

The system has enhanced operational efficiency and streamlined communication across the Emirate's departments and governorates.

As part of an ambitious vision aimed at strengthening digital governance and efficiency, and positioning the Emirate as a national model for smart transformation across the Kingdom.

A success story we are proud of
, and a partnership that continues toward greater excellence and achievement.

إمارة منطقة حائل

qTech honored by the Emirate of Hail

For The Success Of Its Digital Transformation Systems

In a new milestone added to qTech's journey of empowering government entities, **qTech was honored by** His Royal Highness Prince

Abdulaziz Bin Saad Bin Abdulaziz

Governor of the Hail Region, during the ceremony

Launching Modern Technology Projects

The recognition came in appreciation of **the success of the qemam** Correspondence Management System and Monjaz Platform in connecting government entities and enhancing digital performance efficiency across the region — a reflection of the mutual trust between qTech and government institutions in building a more advanced and sustainable digital future.

قياس التحول الرقمي

We Take Pride in Supporting The Emirate Of Al-Jouf Region

in its journey
Toward Digital Transformation,

which culminated in achieving third place among regional emirates **in the 2024** Digital Transformation Index, as part of an ambitious vision that embodies progress in government services and technological integration across entities.

We have, by the grace of God, contributed to enabling the Emirate to achieve the position

3th

among the regional emirates in **Digital Transformation Assessment 2024.**

Proudly

Shaping Success Stories With Our Partners On The Journey Of Digital Transformation.

Launching the "Mostakshef" Platform within the Qemam City Management Suite

Aseer Municipality has officially launched the "Aseer Explorer" geospatial platform, marking a significant milestone in its trusted technical partnership with qTech.

The platform delivers precise spatial data and interactivemapping that strengthen transparency and enable more informed decision-making across services and development.

A milestone built on trust, driving the region forward in its digital transformation journey.

Proudly Empowering Aseer's Geospatial Transformation

qTech is proud to sponsor the World GIS Day at the Aseer Municipality

an event that featured the official launch of the **"qemam GEO Exchange Platform"** a milestone that strengthens spatial data integration and elevates smart decision-making across the region.

A sponsorship that reflects our partners' trust, and a new achievement in Aseer's digital and geospatial transformation

A success story we are proud of
, and a partnership that continues toward greater excellence and achievement.

qTech

WWW.ALQEMAM.COM

qTech is proud to enable digital connectivity and integration between the Ministry of Interior and the Eastern Province Emirate.

Under the directives of His Royal Highness the Emir of the Eastern Province,

the Emirate launched electronic connectivity operations between the Ministry of Interior and the Eastern Province Emirate, marking a step toward effective digital integration among government entities.

qTech proudly serves as the technology partner

in delivering these electronic connectivity operations through the Emirate's e-Transactions system, reflecting a partnership built on trust and a continued role in supporting government digital transformation.

Chapters written with confidence

A NEW HORIZON OPENS FOR ALQEMAM

VISION

To be the trusted digital enabler for our success partners — expanding our impact through expertise and innovative solutions, and standing proudly with the Kingdom in building an integrated digital future founded on trust, innovation, and sustainability.

MISSION

Our clients' trust is our true capital. From it, we continue our journey as a reliable digital partner — providing ever-evolving solutions and services, remaining committed to our values of efficiency, quality, and innovation, and taking pride in being the first choice for our success partners

PURPOSE

Empowering our success partners to achieve their goals through the development of integrated digital solutions aligned with the aspirations of the future and the Saudi Vision 2030 — while strengthening trust and building sustainable partnerships that reflect our pride in shaping the Kingdom's digital future.

AL QEMAM FUTURE
Digital Transformation Journey

بِحَوْلِ اللهِ وَتَوْفِيقِهِ

2026

By the will of God, in **2026**, **qTech aims to become a fundamental pillar** in the Kingdom's digital transformation journey — through the development of advanced sectoral products and platforms that enhance government service efficiency and elevate beneficiary experience with flexibility and innovation.

2028

By **2028**, God willing, **qTech will emerge as a leading national model in digital innovation**, providing integrated services that simplify citizens' access to information, strengthen government efficiency, and empower national talents to lead the digital transformation with confidence and excellence.

2030

By **2030**, with God's blessing, **qTech will hold a prominent position as a key driver of the Kingdom's digital economy** — through smart and sustainable solutions that enhance user experience and open broader horizons toward regional and international markets, remaining the trusted national partner in shaping the digital future
